SALMON RIVER WILDERNESS STEELHEAD FISHING VACATIONS SINCE 1982

~ Salmon River Steelhead Fishing ~

Salmon River steelhead are unique trophy rainbow trout, robust and resilient enough to endure an 1800 mile round trip journey from the headwaters of the Salmon River to the Pacific Ocean and back to their natal streams. Weighing from four to twenty pounds and averaging seven, steelhead provide an exhilarating fishing experience. During the **fall (October–December)** and **spring (late February–April)** seasons we offer single day fishing trips, 3-5 day fishing and lodging packages near the town of Salmon, and 3- to 5-day wilderness raft trips. We specialize in fly & spin fishing– be sure to tell us how you would like to fish. **We provide all rods, reels, lines, and terminal tackle on all of our fishing trips.** Fall water conditions are more dependable, spring water conditions are more variable.
