The Salmon River provides an historic setting in which to catch its namesake fish, the Chinook salmon. Landing a salmon requires a lot of patience, so we don't claim you'll wear your arm out reeling in incredible numbers, or that you'll find hooking into a 15-pounder a simple task. You will have a great time experiencing the thrill of the chase.

The Salmon River's salmon population fluctuates with a variety of natural and man-made influences. If you wish to keep hatchery fish you may do so in compliance with Idaho Fish and Game regulations. Daily bag and possession limits change each season, and are often adjusted during the middle of a season; call for details.

During the relatively higher July Salmon River flows near Salmon City, salmon are most effectively fished locally using heavy tackle and deep water tactics such as plugs, spoons, divers or drift rigs. We provide a guided drift boat for every 2 fishermen, predominantly fishing from boats. With up to 40 miles of river to choose from, we have the capability of fishing different water every day. We fish between 5 and 15 miles per day depending on our launch point, river flow and fishing conditions.

Fishermen should gear up for both cool mornings and the heat of a July day. See specific recommendations below.

Getting Here: Salmon, Idaho is located about 2 and ½ hours Northwest of Idaho Falls, 3 hours South of Missoula and 5 ½ hours Northeast of Boise. Salt Lake City is 6 hours away.

Fishing Licenses: You need to purchase an Idaho fishing license and Salmon Permit before you fish with Silver Cloud. Most Idaho and sporting good stores many convenience stores sell fishing licenses. On-line: purchase at <https://id.outdoorcentral.us/>. Or call IF&G at **1-800-554-8685** and have your credit card ready. **You will lose fishing time if you do not purchase your license and permit in advance.**

We Provide: expert guides, drift boats, lunch, snacks, hot & cold beverages, all rods, reels, terminal tackle and bait, and advice on catching salmon. You may bring your any of your own tackle with you if you wish.

Suggested Clothing Hints: Focus on clothing quality rather than quantity. **Give us a call with any questions - we are always happy to help you plan!** We suggest polypropylene long underwear, fleece pants and jackets for mornings, good quality raingear, and lightweight long sleeve shirts, brimmed hats and pants for sun protection. Don't forget your sunscreen! **Rental raingear and fleece clothing is available for \$30 per person – call us to reserve your size in advance so we know what to pack.**

Fishing Equipment – Fishing gloves, hemostats or small needle nose pliers, fishing glasses (polarized work best for seeing fish), felt bottom wading shoes to fit waders.

Additional Gear – Bring a small backpack with a water bottle, Camera w/film (replace or recharge your batteries before you leave home), sunscreen, knife, lighter, beer or liquor if you wish, 2 or 3 extra garbage bags for damp clothing and a cooler with ice to pack fish home (leave in your car). Cooler must be large enough to allow transportation of whole fish; by regulation, only hatchery fish may be kept, so reducing your catch to possession is not allowed until you reach your destination.

Additional Costs – The following costs are not provided in your trip fare: Fishing license and salmon tag, Lodging and meals before and after your trip in Salmon, gratuities for the guides.

Weather – July is usually a beautiful month on the Salmon, characterized by cool morning temperatures in the mid-40's to mid-50's, and daytime highs ranging from high hi 70's to hi 90's. Water temps range from the upper 50's to low 60's early in the month to the high 60's by the end of July. You need to prepare for hot, sunny, wet and cool weather.
